

BusinessIQ Premier ProfileSM

Make business
decisions with
accuracy and speed

BusinessIQ Premier ProfileSM is a comprehensive business report that facilitates better decision making by supplying you with critical information needed for accessing credit risk and performing background checks. It provides “quick glimpse” views and comprehensive details related to business payment performance, public record history and company background so you can quickly and precisely determine the creditworthiness of a business. Bring an entirely new level of accuracy and confidence to your business decisions with BusinessIQ Premier Profile.

Quick glimpse views

BusinessIQ Premier Profile presents quick glimpse views designed to visually direct your focus to key information needed for business decisions:

- Risk dashboard highlighting possible indicators of risk
- Fraud and Office of Foreign Assets Control screen
- Credit risk score with quarterly score trend
- Credit limit recommendation
- Days beyond terms to indicate how timely a business pays its bills
- Monthly/Quarterly trending

Deeper understanding

BusinessIQ Premier Profile report draws from an integrated source of business intelligence to enhance your business and credit decisions:

- Intelliscore PlusSM credit risk score
- Corporate Linkage
- Comprehensive data — trade, public record, collection and company background
- Extensive background on large businesses and corporate financial statements for publicly traded companies

**A comprehensive business analysis
from a single source**

BusinessIQ Premier Profile combines credit risk, fraud checks and company background into a single report to ensure a thorough business review. The report returns data from BizSource,SM Experian's industry-leading commercial database. The data is third-party-verified so you can accurately assess

risk and perform important due-diligence checks. Gain the decisive competitive advantage with BusinessIQ Premier Profile.
